Dear Mr. Gallegos,

Your letter of November 16, 1994 requested that we revise our Section 31 Mine Site contour map, Revision 1 10/14/94 to reflect the change in road routing we have completed and the reclaimed areas. These changes are shown on the attached map - Revision 2 dated 12/28/94. The reclamation work has been completed except for the road on the west side of the water bypass - we expect to complete this as soon as weather permits.

Sincerely,

Carl S. Minden
